Original RRP: £6995

Product Details

The KYRA Comfort 500 stirrup is designed for patients with a BMI of greater than 29 with a large flexible lateral fin and can support patients up to 500 lbs/227 kg weight capacity.

- Easy to clean durable silicone straps
- Boots sized to fit today's larger patient anatomy
- More pressure reducing padding
- Lightweight

KYRA boots will safely accept larger legs with 1" of supportive boot padding. All Comfort 500's come standard with the durable Secure-Lok™ straps which help reduce infection control and the patented CoreGrip™ technology which makes the stirrup stronger and lighter vs other stirrup brands.

The Kyra Simple Blade Clamp mounts and locks anywhere on standard OR table rail ends or at rail notches.

The Kyra Clean Catcher Stirrup Mounts permanently mount to the stirrup body and are used to connect exclusively with the Clean Catcher Drainage system. When used with the Clean Catcher Drainage system allows for optimum placement of the stirrup based on patient's anatomy. They can be factory installed or in the field on any KYRA or yellow branded stirrups.
